1 Background

Due to financial difficulties and several breaches of the Terms and Conditions (including the Company's repeated failure to meet the Maintenance Test), the Company and the Bondholder Committee discussed over a certain period of time a potential agreement on an out-of-court restructuring of the Group in order to prevent the Company from bankruptcy and in order to secure any return on the Bondholders' investment in the Existing Bonds.

As the discussions did not result in any agreement, the Agent on the initiative of the Bondholder Committee notified the Company on 29 October 2019 that it would declare the Existing Bonds immediately due for payment and enforce the Restructured Assets (as defined in Section 2.2 below) if the Company would not propose a final solution to the strained situation acceptable to the Bondholder Committee or remedy the breaches of the Terms and Conditions. The Company did not propose such solution acceptable to the Bondholder Committee and did not remedy the breaches of the Terms and Conditions. However, on 21 November 2019 the Bondholder Committee presented the main features of a final non-negotiable proposal to the Company which would result in a conversion of debt under the Existing Bonds against shares in the Company. Two of the Company's largest groups of shareholders, representing approximately 28 per cent. of all shares in the Company (the "**Main Shareholders**"), were positive to such proposal. On 3 December 2019, the Bondholder Committee presented a formalized proposal to the Company which was approved by the Main Shareholders. The proposal included, *inter alia*, (i) a conversion of SEK 5,600,000 of the Total Nominal Amount under the Bonds to shares in the Company to be issued to the Bondholders which will result in the Bondholders holding 60 per cent. of all shares in the Issuer following such conversion (the "**Conversion**"), (ii) issuance of warrants to certain persons identified by the Bondholder Committee as being key for the future development of the Company (the "**Key Staff**"), (iii) that the board of directors of the Company shall comprise of the number and persons as proposed by the Bondholders Committee and (iv) certain amendments of the Terms and Conditions as further described in Section 2.1 below (the "**Amendments**"). The items (i)–(iii) are, together with any other necessary corporate resolutions in order to be able to appoint the new board and to carry out the actions under items (i)–(iii), hereinafter jointly referred to as the "**Proposal**".

The Proposal entails the approval from a sufficient number of shareholders in the Company at a general meeting. On 20 December 2019, the Company summoned to an extraordinary general meeting to be held on 28 January 2020 (the "**EGM**") where one of the Main Shareholders proposed, on the instruction from the Bondholder Committee, that the EGM resolves to approve all proposals and resolutions relating to the Proposal. The Proposal is described in detail in the notice to the EGM attached hereto as Schedule 3. Furthermore, the Proposal and the Amendments (hereinafter jointly referred to as "**Alternative A**") are subject to the approval from the Bondholders in this Written Procedure. Alternative A is the Bondholder Committee's preferred solution to the Company's financial difficulties and breaches of the Terms and Conditions, *inter alia*, as an enforcement of the Restructured Assets would be avoided and the Company would remain as a going concern.

If the Proposal is approved by the EGM and Alternative A is approved in the Written Procedure, the Agent and the Company will carry out the Conversion whereby the

Bondholders will be allocated shares in the Company based on their *pro rata* holding of Existing Bonds on 19 February 2020 or, due to practical or technical reasons, such other date that is communicated by the Company through a press release. The shares will be paid by way of setting off a total amount of SEK 5,600,000 of the Total Nominal Amount under the Existing Bonds which will be written down with a corresponding amount. Due to technical reasons related to the share issue in connection with the Conversion, the amount to be set-off has been increased with SEK 600,000. In order to neutralise the consequences for the Bondholders due to such additional write down, the Total Nominal Amount will be increased with a restructuring fee of SEK 600,000 (the “**Restructuring Fee**”). Following completion of the Conversion, each Bondholder will remain with a claim against the Company corresponding to its *pro rata* share of the remaining Total Nominal Amount of the Existing Bonds which will amount to SEK 135,000,000. Furthermore, the Key Staff will obtain warrants which will entitle to subscribe for a number of shares in the Company which may result in the Key Staff holding maximum 58.50 per cent. of the shares in the Company following the Conversion and provided full exercise of the warrants on a fully diluted basis.

If the EGM does not resolve to approve the Proposal, but Alternative B is proposed by the Bondholders, the Agent will declare the Existing Bonds immediately due for payment. Furthermore, the Agent, on the initiative of the Bondholder Committee and in its capacity as Security Agent, will initiate enforcement of the Restructured Assets (as defined in Section 2.2 below). Following such initiated enforcement, the Agent in its capacity as Security Agent intends to enter into two agreements with a special purpose vehicle (the “**SPV**”)² regarding transfer of the shares in the Pledged Subsidiaries (as defined in Section 2.2 below) (the “**Share Transfers**”). By entering into the agreements, the SPV will take over the ownership of the Pledged Subsidiaries against assuming SEK 109,000,000 of the Company’s aggregated debt obligations under the Existing Bonds. Furthermore, the Agent intends, on the initiative of the Bondholder Committee, to transfer approximately SEK 8,500,000 of the funds standing to the credit of the Proceeds Account to the SPV’s bank account (the “**Cash Transfer**”). Provided that there are no legal or practical obstacles, the Cash Transfer shall instead be made by using part of the amount of SEK 8,500,000 to pay all fees, costs and expenses in relation to the Restructuring as further described in Section 2.3 and thereafter transfer any remaining part of the amount of SEK 8,500,000 to the SPV’s bank account. If such latter alternative will be carried out, the purchase price for the Pledged Subsidiaries will increase with a corresponding amount as the Total Nominal Amount will not be reduced with the entire amount of SEK 8,500,000. The remaining part of the funds standing to the credit of the Proceeds Account following the Cash Transfer (*i.e.*, approximately SEK 20,000,000) intends to be used for partial redemption of the Existing Bonds by way of reducing the Nominal Amount of each Existing Bond *pro rata* (the “**Partial Redemption**”). The Share Transfers, the Cash Transfer and the Partial Redemption (hereinafter jointly referred to as “**Alternative B**” and together with Alternative A, the “**Restructuring**”) are subject to approval from a requisite majority of the Bondholders in this Written Procedure. The Bondholder Committee will finally decide the

exact amounts for the Cash Transfer and the Partial Redemption as set out in Section 4.2 below.

If the EGM does not resolve to approve the Proposal and Alternative B is approved, the Agent will carry out the Partial Redemption whereby the Total Nominal Amount will be reduced with approximately SEK 20,000,000. Furthermore, the Agent will make the Cash Transfer whereby the Total Nominal Amount will be reduced with approximately SEK 8,500,000. Finally, the SPV will assume up to SEK 109,000,000 of the Company's remaining aggregated debt obligations of approximately SEK 111,500,000 under the Existing Bonds against the SPV's issuance of new bonds (the "**New Bonds**") through a mandatory conversion. The Bondholders will be allocated New Bonds based on their *pro rata* holding of Existing Bonds on a certain record date to be communicated by the Company and/or the Agent through a press release. Following the mandatory conversion, the Total Nominal Amount under the Existing Bonds will be written down with an amount corresponding to the total nominal amount under the New Bonds. When all the above actions have been completed, each Bondholder will remain with a claim against the Company corresponding to its *pro rata* share of the remaining Total Nominal Amount of the Existing Bonds which will amount to SEK approximately 2,500,000 (the "**Remaining Claim**"). The SPV's claim against the Bondholders for payment of the total nominal amount under the New Bonds will be set-off against the Bondholders' claim against the SPV for assuming the Company's aggregated debt obligations under the Existing Bonds. Furthermore, the New Bonds will carry an option right for the Bondholders to subscribe for shares in the SPV at certain occasions, as set out in more detail under Section 2.2 below.

The Agent hereby initiates this Written Procedure on the initiative of the Bondholder Committee in order to obtain the Bondholders approval to Alternative A and, provided that the Proposal is not approved at the EGM, Alternative B.

Each member of the Bondholder Committee has with binding effect undertaken (a) to irrevocably and unconditionally participate in the Written Procedure and to vote in favour of the Request (as defined in Section 4), and (b) not to sell or transfer any of the Existing Bonds they represent (lock-up) until the completion of the Written Procedure.

2 The Restructuring

2.1 Alternative A in brief

Subject to approval of the Proposal at the EGM, Alternative A will include the following main actions.

The Conversion

On the instruction of the Bondholder Committee, one of the Main Shareholders has proposed that the EGM, with deviation from the Company's shareholders' preferential rights, resolves upon a directed new issue of shares in the Company to Bondholders *pro rata* in relation to their holding of Existing Bonds on 19 February 2020 or, due to practical or technical reasons, such other date that is communicated by the Company through a press releases (the "**Share Issue**"). Payment of the shares in the Share Issue shall be made by way of setting off a total amount of SEK 5,600,000 of the Total Nominal Amount of the Existing Bonds.

The subscription price per share in the Share Issue will be set to a price so that the Bondholders will hold 60 per cent. of the shares in the Company and the existing shareholders of the Company will hold 40 per cent. of the shares in the Company on a fully diluted basis (excluding the Company Warrants (as defined below) to be issued) following completion of the Share Issue.

The Amendments

Due to the Company's current debt and interest structure and the terms applicable thereto, the Company will face significant difficulties to comply with the Terms and Conditions in the future. In order to provide a manageable debt solution, the Terms and Conditions will be amended which will result in (a) a prolongation of the tenor of 3 years (*i.e.*, from December 2020 to December 2023), (b) an interest rate of 6.00 per cent. to be paid in kind (*i.e.*, PIK interest), meaning that the interest accrued for one or several interest periods (as applicable) is being capitalised to the nominal amount, (c) the Maintenance Test is amended to a minimum cash covenant and a LTM EBITDA covenant which will be tested quarterly from 30 September 2020, (d) the Existing Bonds must be de-listed from Nasdaq First North Bond Market, (e) the Total Nominal Amount of the Existing Bonds will be increased with the Restructuring Fee, (f) the Company shall have the possibility to redeem all Existing Bonds in full or amortise the Nominal Amount of each Existing Bond at par without limitation in time and (g) the funds standing to credit of the Proceeds Account shall be used (i) to cover all fees, costs and expenses in connection with the Restructuring, (ii) to pay any accrued but unpaid interest under the Existing Bonds and (iii) to a partial redemption of Existing Bonds with any remaining funds standing to credit of the Proceeds Account. The timing for such interest payment and partial redemption will be communicated by the Company through a press release in accordance with the Terms and Conditions. The complete amended Terms and Conditions are set forth in Schedule 4.

Administration of the Company

If Alternative A will be carried out, the Key Staff has undertaken to be responsible for the operations of the Company as consultants on contract terms acceptable to the Bondholder Committee and the Key Staff. The total contract remuneration of the Key Staff for managing and operating the Company will be a total of SEK 220,000 per month. Following full repayment of the Existing Bonds, the Key Staff will have control over the Company.

Pursuant to an investor agreement entered into between the members of the Bondholder Committee and the Key Staff (the "**Investor Agreement**"), the Bondholder Committee will have the right to appoint a majority of the board members of the Company or, in the event of equal numbers of board members, the chairman of the board up until the obligations under the Existing Bonds have been discharged in full, and the Key Staff will during such period have the right to appoint the remaining board members. Following the obligations under the Existing Bonds have been discharged in full, the Key Staff will have the right to appoint a majority of the board members and the Bondholder Committee will have the right to appoint the remaining board members.

Investor Agreement

The Investor Agreement contains customary provisions regarding, *inter alia*, governance and board representation of the Company, including that the Bondholder Committee will have control over the Company by way of appointing a majority of the board members or, in the event of equal numbers of board members, the chairman of the board up until the Company's obligations under the Existing Bonds have been discharged in full. Furthermore, the Investor Agreement contains provisions that the Bondholder Committee will have a right to purchase the Key Staff's warrants and shares in the Company in case of "bad leaver" events (*e.g.*, termination of a Key Staff member's assignment due to such member's breach of its employment or consultancy agreement).

Issuance of Company warrants

On the instruction from the Bondholder Committee, one of the Main Shareholders has proposed that the EGM, with deviation from the Company's shareholders preferential rights, resolves upon a directed new issue of warrants (*Sw. teckningsoptioner*) to the Key Staff in order to incentivise the Key Staff to successfully managing the operations of the Company (the "**Company Warrants**"). The Company Warrants will be issued in different tranches and be exercisable in accordance with the below table.

Tranche	% of shares in the Company held by the Key Staff following full exercise	Vesting requirement
Tranche 1	43.53	No vesting requirement
Tranche 2	48.47	Total debt/LTM EBITDA <5.5x
Tranche 3	53.11	Total debt/LTM EBITDA <5.0x
Tranche 4	58.50	Total debt/LTM EBITDA <4.75x

Accordingly, the Company Warrants will entitle the Key Staff to subscribe for an amount of shares in the Company so that the Key Staff may hold a maximum of 58.50 per cent. of the shares in the Company following the Share Issue and provided full exercise of the Company Warrants (on a fully diluted basis).

Following the Share Issue and provided full exercise of the Company Warrants, the shareholders of existing shares in the Company (other than the Key Staff) will hold 14.5 per cent. of the shares in the Company and the Bondholders will hold 27 per cent. of the shares in the Company (on a fully diluted basis).

The Bondholders will have a right to purchase the Company Warrants from the Key Staff at nominal amount in case of "bad leaver" events (*e.g.*, termination of a Key Staff member's assignment due to such member's breach of its employment or consultancy agreement).

2.2 Alternative B in brief

If the Proposal would not be approved at the EGM, Alternative B will include the following main actions.

Acceleration, enforcement and transfer of the Restructured Assets

Due to the to the Company's continuing breach of the Terms and Conditions, the Agent will, in its capacity as Agent and Security Agent and on the initiative of the Bondholder Committee, (i) declare all of the Existing Bonds (together with any accrued but unpaid interest under the Existing Bonds) due for payment, and (ii) initiate enforcement of the pledges over (a) all shares in the Company's operating subsidiaries Phase One Performance AB, reg. no. 559117-8685, and OÜ ViisTek Media, reg. no. 12212380, (the "**Pledged Subsidiaries**") and (b) the Proceeds Account and all funds standing to the credit on the Proceeds Account (the "**Account Pledge**" and together with the Pledged Subsidiaries, the "**Restructured Assets**"), in accordance with the Terms and Conditions and the Security Documents (the "**Enforcement**").

Following the approval from a requisite majority of the Bondholders in this Written Procedure, and provided that the Proposal is not approved at the EGM, the Agent will, in its capacity as Security Agent and on the initiative of the Bondholder Committee, carry out the Share Transfers, the Cash Transfer and the Partial Redemption. The Pledged Subsidiaries have been valued by an independent valuer engaged by the Bondholder Committee and the Agent. The purchase prices for the shares in the Pledged Subsidiaries are well above the value of the shares established in the internal and external valuations.

Partial Redemption and Mandatory Bond Exchange

As part of Alternative B, the remaining part of the funds standing to the credit of the Proceeds Account following the Cash Transfer will amount to approximately SEK 20,000,000, which will be used for the Partial Redemption. In addition, the SPV will assume up to SEK 109,000,000 of the Company's aggregated debt obligations under the Existing Bonds against the issuance of the New Bonds through a mandatory conversion (the "**Mandatory Bond Exchange**"). Following the Mandatory Bond Exchange, the Total Nominal Amount under the Existing Bonds will be written down with up to SEK 109,000,000. When the Share Transfers, the Cash Transfer, the Partial Redemption and the Mandatory Bond Exchange have been completed, each Bondholder will remain with a claim against the Company corresponding to its *pro rata* share of the Remaining Claim.

Issuance of the New Bonds

Upon completion of the Restructuring ("**Closing**"), issuance and allocation of the New Bonds will be made to the Bondholders of Existing Bonds in a total nominal amount of up to SEK 109,000,000. The New Bonds will be allocated to all Bondholders based on their *pro rata* holding of Existing Bonds on a certain record date to be communicated by the Company through a press release. The SPV's claim against the Bondholders for payment of the total nominal amount under the New Bonds will be set-off against the Bondholders' claim against the SPV for assuming the Company's aggregated debt obligations under the Existing Bonds.

The New Bonds will have tenor of 4 years and bear interest at 6.00 per cent. The SPV will pay interest in kind (*i.e.*, PIK interest), meaning that the interest accrued for one or several interest periods (as applicable) is being capitalised to the nominal amount. The SPV is as issuer of the New Bonds entitled to a voluntary early full or partial redemption of the New Bonds provided that the aggregate nominal amount of such redeemed New Bonds correspond to at least SEK 10 million. No premium is to be paid for such voluntary early redemption. The obligations

under the New Bonds will be secured by way of first priority share pledges over the Pledged Subsidiaries. The SPV and the New Bonds will be affiliated with Euroclear Sweden (and as regards the New Bonds, issued in the Euroclear Sweden's system). However, the New Bonds will not be admitted to trading on any regulated or unregulated market place. The terms and conditions of the New Bonds will to a large extent correspond to the amended Terms and Conditions of the Existing Bonds as set forth in Schedule 4.

Ownership of the SPV

The terms and conditions for the New Bonds will contain an option right for holders of New Bonds to subscribe for shares in the SPV (the "**SPV Option**"). The SPV Option may be utilised (i) at Closing, or (ii) in the event of a future exit or refinancing of the New Bond. However, the members of the Bondholder Committee have undertaken to utilise the SPV Option and subscribe for shares in the SPV at Closing. Consequently, the shareholders in the SPV will following Closing consist of the members of the Bondholder Committee and such other holders of New Bonds that wish to utilise the SPV Option at Closing.

The SPV Option entitles each Bondholder to subscribe for one share in the SPV for each New Bond held at the relevant record date ahead of the utilisation against payment of the quota value of such share. Upon utilisation of the SPV Option, each New Bond will be exchanged against one share in the SPV and, due to technical reasons with Euroclear Sweden's system, one new bond with corresponding terms and conditions as the New Bonds but without the SPV Option and with a different ISIN (henceforth when reference is made to the New Bonds the definition shall mean the New Bonds and/or the new bonds allotted following a utilisation of the SPV Option, depending on the context). For voting purposes in relation to the New Bonds, the New Bonds and the bonds allotted following a utilisation of the SPV Option will be deemed as a combined instrument. The SPV Option may only be utilised at one occasion and the SPV Option becomes void if it has not been utilised in the event of an exit or refinancing of the New Bonds at the latest. The SPV Option is conditional on that the Bondholder who wishes to subscribe for shares in the SPV accedes to the investor agreement entered into by the members of the Bondholder Committee (the "**IA**"). The IA contains customary drag-along and tag-along rights and provisions regarding, *inter alia*, right of first refusal, governance and board representation of the SPV, including that the holders of New Bonds will have control over the SPV by way of appointing a majority of the board members up until the SPV's obligations under the New Bonds have been discharged in full. Furthermore, the IA contains provisions that holders of New Bonds shall have control over an exit and that no Bondholder that also owns shares in the SPV may divest such shares up until the New Bonds have been repaid in full.

Liquidity of the SPV

The SPV will initially be financed with the funds from the Cash Transfer.

Administration of the SPV

The Key Staff has undertaken to be responsible for the operations of the SPV and the Pledged Subsidiaries (together, the "**SPV Group**") as consultants on contract terms acceptable to the holders of New Bonds and the Key Staff. The total contract remuneration of the Key Staff for

managing and operating the SPV Group will be a total of SEK 220,000 per month. Following full repayment of the New Bonds, the Key Staff will have control over an exit in the SPV.

Up until that the obligations under the New Bonds have been discharged in full, the board of directors of the SPV will consist of three (3) members, of which the Bondholder Committee will have the right to appoint two (2) members and the Key Staff will have the right to appoint one (1) member. After that the obligations under the New Bonds have been discharged in full, the Bondholder Committee will have the right to appoint one (1) board member and the Key Staff have the right to appoint two (2) board members.

Issuance of SPV warrants

As the Key Staff will be responsible for the operations of the SPV Group, the Key Staff will be offered the possibility to subscribe for warrants (Sw. *teckningsoptioner*) in the SPV (the “**SPV Warrants**”). The offer will contain a right to subscribe for up to 51 per cent. of the shares in the SPV (on a fully diluted basis), subject to the following requirements have been fulfilled:

- (i) the SPV Group have a liquidity reserve of minimum SEK 2,500,000; and
- (ii) the ratio of total debt of the SPV Group to LTM EBITDA (“**Gearing**”) is below 6.00x on a quarterly basis.

Subject to the requirements in items (i)–(ii) above have been met, the SPV Warrants will entitle to subscription of additional shares in the SPV in accordance with the following:

- (i) If Gearing is below 5.50x, the Key Staff will be entitled to subscribe for additionally 5 per cent. of the shares in the SPV (on a fully diluted basis).
- (ii) If Gearing is below 5.00x, the Key Staff will be entitled to subscribe for additionally 10 per cent. of the shares in the SPV (on a fully diluted basis).
- (iii) If Gearing is below 4.75x, the Key Staff will be entitled to subscribe for additionally 15 per cent. of the shares in the SPV (on a fully diluted basis).

Accordingly, the Key Staff may receive a maximum of 66 per cent. of the shares in the SPV (on a fully diluted basis).

The holders of New Bonds will have a right to purchase the SPV Warrants from the Key Staff at nominal amount in case of “bad leaver” events (*e.g.*, termination of a Key Staff member’s assignment due to such member’s breach of its employment or consultancy agreement).

2.3 Fees, costs and expenses in relation to the Restructuring

All fees to the Agent and the Agent’s and the Bondholder Committee’s advisors in relation to the Restructuring, together with all costs and expenses incurred by the Agent, the Bondholder Committee and their advisors in relation thereto, shall be paid with funds from the Proceeds Account. Such payments shall be made upon request by the Agent and the Bondholder Committee at Closing. Furthermore, all fees to the Agent and the Agent’s advisors in relation to the Restructuring that occurs after Closing, together with all costs and expenses incurred by the Agent and its advisors in relation thereto (including, but not limited to, costs and expenses related to claims and/or legal proceedings), shall upon request by the Agent be paid by the Company, provided that the Restructuring will be carried out in accordance with Alternative

A, or the SPV, provided that the Restructuring will be carried out in accordance with Alternative B.

The Company shall bear its own costs and expenses, including fees and other expenses relating to external advisors.

2.4 Closing of the Restructuring

Closing, time table and record dates

Upon Closing of the Restructuring, the actions set forth in the table below will among others be performed. Bondholders should note that the dates set forth in the table are preliminary and may be subject to changes. The Company and/or the Agent will communicate the final dates through press releases.

Furthermore, the procedure for allocation of shares to be issued in the Share Issue or the New Bonds is subject to the rules, regulations and technicalities of Euroclear Sweden, Spotlight Stock Market and the Swedish Companies Registration Office (Sw. *Bolagsverket*) and even though the intention is to allocate such shares or New Bonds on the Closing date, time-lapses might occur.

Moreover, Bondholders should note that only persons registered on a Securities Account with the CSD, as a direct registered owner (Sw. *direktregistrerad ägare*) or authorised nominee (Sw. *förvaltare*), with respect to one or several Existing Bonds, as of the date communicated by the Company in a press release and/or the Agent in accordance with the Terms and Conditions (the “**Restructuring Record Date**”) are eligible to participate in the Restructuring and thereby receive shares in the Company or the New Bonds.

Following Closing of the Alternative A, each Bondholder will hold (i) Existing Bonds with a Total Nominal Amount less each Bondholder's *pro rata* share of the write down amounting to SEK 5,600,000 but increased with the Restructuring Fee, and (ii) shares in the Company corresponding to each Bondholder's *pro rata* share of 60 per cent. of all shares in the Company. Following full exercise of the Company Warrants, the Key Staff will hold maximum approximately 58.5 per cent. of the shares and the Bondholders will hold approximately 27.2 per cent. of the shares in the Company on a fully diluted basis.

Following Closing of the Alternative B, each Bondholder will hold (i) New Bonds with a total nominal amount corresponding to the total nominal amount of the Existing Bonds less each Bondholder's share of the Remaining Claim, (ii) a remaining claim against the Company corresponding to each Bondholder's share of the Remaining Claim, and (iii) either shares in the SPV corresponding to the number of Existing Bonds held at the Restructuring Record Date or SPV Options to subscribe for shares in the SPV in the event of a future exit or refinancing of the SPV Group.

Result for the Key Staff

Following Closing of the Restructuring, the Key Staff will be engaged in either the Company or the SPV as consultants and hold either the Company Warrants or the SPV Warrants.

3 Information to the market, tax consequences and risk factors

3.1 Information to the Bondholders

Information to the Bondholders will be communicated, if relevant, through the Agent in accordance with the Terms and Conditions.

3.2 Tax consequences relating to the Restructuring

The following is a summary of certain Swedish tax issues that may arise for Bondholders as a result of the Restructuring. The summary is based upon the applicable laws and interpretations thereof as of the date hereof, all of which are subject to change or differing interpretations, which changes or differing interpretations could apply retroactively. The summary does not cover all possible tax issues that may arise and is intended only as general information. It does for example not cover bonds held by partnerships (Sw. *handelsbolag*) or defined as a current asset in a business activity. Furthermore, this summary does not cover holdings via a capital insurance (Sw. *kapitalförsäkring*) or on investment savings accounts (Sw. *investeringssparkonton*) which are subject to a standardized taxation. Special tax rules may also apply to certain investors, such as investment companies, investment funds and insurance companies. As the taxation of each investor depends on the specifics of such investor, and that it cannot be excluded that the Swedish Tax Agency may have a different view of the tax consequences of the Restructuring, each Bondholder should consult tax advisers in order to receive information on the specific tax issues in relation to its particular case, including the application and effects of foreign or other rules and tax treaties.

Each Bondholder must make its own determination as to the tax consequences of the Restructuring and is recommended to consult a tax adviser for information with respect to

the special tax consequences that may arise in each individual case, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules, which may be applicable.

3.2.1 Tax consequences relating to Alternative A

Share acquisition by way of a set-off

In the Share Issue, Bondholders are deemed to acquire shares by way of a set-off against part of their Existing Bonds. Upon such a partial disposal of the Existing Bonds, a taxable capital gain alternatively a tax deductible capital loss could arise (see further below).

The capital gain or the capital loss should be computed as the difference between the fair market value of the acquired shares (less expenses, if any, related to the disposal and possibly less accrued interest on the Existing Bonds) and the acquisition value of the part of Existing Bonds disposed of. The acquisition value for all Existing Bonds of the same class and type shall be added together and computed collectively in accordance with the average method (Sw. *genomsnittsmetoden*).

The shares should be considered to be acquired at a price corresponding to the fair market value of the Existing Bonds disposed of. This value should normally be the same as the fair market value of the shares (normally established by a valuation).

Private individuals

Generally, all income derived from capital assets (*e.g.*, income that is considered to be interest for Swedish tax purposes and capital gains on Existing Bonds) will be taxable with 30 per cent. and a loss deductible against other capital gains. If a deficit arises on income from capital, a reduction of the tax on income from employment and from business, as well as the tax on real estate, is allowed. The tax reduction allowed amounts to 30 per cent. of any deficit not exceeding SEK 100,000 and 21 per cent. of any deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

Compensation for accrued, but not paid interest, should be reported as interest income, and not included in the consideration received when calculating the capital gain or loss.

Any sale of shares should be viewed as a disposal under Swedish tax law. The capital gain/loss is calculated as the difference between the fair market value of the consideration received, after deduction of any sales costs, and the holder's acquisition cost for the shares (see above).

A capital gain on the shares in the Company would be taxed with a rate of 30 per cent. as long as the shares in the Company are considered as listed for tax purposes. The same applies to dividend distribution from the Company. Any loss on shares in the Company are deductible against taxable capital gains on listed shares in Swedish limited liability companies and foreign legal entities. Any remaining capital loss is deductible at 70 per cent. against any other capital income.

Limited liability companies

For limited liability companies (Sw. *aktiebolag*) all income, including interest income and capital gains at the partial disposal of Bonds, is taxed as income from business operations at a

tax rate of 21,4 per cent. for the financial years starting from 1 January 2019. Interest income is taxed in accordance with generally accepted accounting principles.

Capital losses on receivables incurred by limited liability companies and certain other legal entities are normally fully deductible against any taxable income.

Any accrued interest on the Existing Bonds may have to be considered when calculating potential capital gain or loss, depending on the circumstances for each individual bondholder.

Any sale of shares should be viewed as a disposal under Swedish tax law. The capital gain/loss is calculated as the difference between the fair market value of the consideration received, after deduction of any sales costs, and the acquisition cost for tax purposes of the shares. For holders of shares who also holds Existing Bonds in the Company a loss on the shares could be non-deductible under certain conditions.

Any sale of the shares in the Company should in general be subject to tax at a rate of 21,4 per cent. for the financial years starting from 1 January 2019 as long as the Company are considered as listed for tax purposes. Any loss would be fully deductible against capital gains on listed shares. Any potential dividend distribution should be subject to tax as long as the Company is a listed entity. For shareholder holding more than 10 per cent of the shares in the Company capital gains or losses might under certain conditions be tax exempt. The same applies for dividend distributions.

3.2.2 *Tax consequences relating to Alternative B*

Swedish tax resident individuals

The mandatory exchange of the Existing Bonds should be considered as a partial disposal under Swedish tax law. Generally, all income derived from capital assets (*e.g.*, income that is considered to be interest for Swedish tax purposes and capital gains on Existing Bonds) will be taxable with 30 per cent. and a loss deductible against other capital gains. If a deficit arises on income from capital, a reduction of the tax on income from employment and from business, as well as the tax on real estate, is allowed. The tax reduction allowed amounts to 30 per cent. of any deficit not exceeding SEK 100,000 and 21 per cent. of any deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

The capital gain or loss is calculated as the difference between the fair market value of the consideration received, after deduction of any sales costs, and the holder's acquisition cost for tax purposes of the Existing Bonds. The acquisition cost is determined according to the "average method". This means that the costs of acquiring the Existing Bonds disposed are added together and the average acquisition cost is calculated collectively, with respect to changes of the holding.

Compensation for accrued, but not paid interest, should be reported as interest income, and not included in the consideration received when calculating the capital gain or loss.

The acquisition cost for non-cash consideration received in an exchange such as the New Bonds in Alternative B should normally equal to the fair market value of the instruments received.

Any sale of New Bonds or SPV shares by Bondholders should be viewed as a disposal under Swedish tax law. The capital gain/loss is calculated as the difference between the fair market

value of the consideration received, after deduction of any sales costs, and the holder's acquisition cost for tax purposes of the New Bonds or SPV shares (see above).

A capital gain on the shares in the SPV would be taxed with a rate of 25 per cent. as long as the SPV is a non-listed entity. The same applies to dividend distribution from SPV. Any loss on SPV shares are deductible with 5/6 of the total loss against taxable capital gains on listed as well as non-listed shares in Swedish limited liability companies and foreign legal entities. 5/6 of any remaining capital loss is deductible at 70 per cent. against any other capital income.

Swedish tax resident legal entities

The mandatory exchange of the Existing Bonds should be considered as a partial disposal under Swedish tax law.

A capital gain or loss is calculated as the difference between the fair market value of the consideration received, after deduction of any sales costs, and the holder's acquisition cost for tax purposes calculated according to the average method described above. Capital losses on receivables incurred by limited liability companies and certain other legal entities are normally fully deductible against any taxable income.

Any accrued interest on the Existing Bonds may have to be considered when calculating potential capital gain or loss, depending on the circumstances for each individual bondholder.

Any sale of New Bonds by Bondholders should be viewed as a disposal under Swedish tax law. The capital gain/loss is calculated as the difference between the fair market value of the consideration received, after deduction of any sales costs, and the holder's acquisition cost for tax purposes of the New Bonds. For holders of New Bonds who also holds shares in the SPV a loss on the New Bonds could be non-deductible under certain conditions.

Any sale of the shares in the SPV should in general be tax exempt (not tax liable or tax deductible) under the Swedish participation exemption regime for Swedish limited liability companies as long as the SPV is a non-listed entity. Any potential dividend distribution should be tax exempt as long as the SPV is a non-listed entity.

3.3 Risk factors related to the Restructuring

3.3.1 Risk factors related to Alternative A

Alternative A, and the Group's operations, involves a number of inherent risks and below is a non-exhaustive list of certain risk factors that should be carefully reviewed by the Bondholders before voting in this Written Procedure. If any of these or other risks or uncertainties actually occurs, it could have a material adverse effect on the income and the financial position of the Group and, as a result, on the Bondholders' recovery under the Bonds and the Bondholders' chances to receive payments in accordance with the terms of the Bonds. Bondholders should also be aware that there is a risk that the Bondholders' recovery (if any) will not be higher if Alternative A is carried out, than it would be in potential bankruptcy or insolvency proceedings.

Financing and liquidity risks

The Group faces significant uncertainty factors relating to the continuity of its operations. The uncertainties are mainly attributable to the Group's financing and liquidity needs. Even if

Alternative A is carried out, there is a risk that the Group will not be able to meet its financing and/or liquidity needs going forward at all or without significantly increasing its costs therefor. If the Group is unable to meet its financing and/or liquidity needs, it would have a material adverse effect on the liquidity, business, financial position and results of operations of the Group and, as a result, on the position of the Bondholders.

Compliance with existing laws and regulations

The Group must observe and comply with certain laws and regulations relating to its operations, as well as decisions and injunctions from relevant authorities. In addition, the operations of most of the affiliate partners of the Group requires certain permits and authorizations under applicable laws and regulations. Any breach of such laws, regulations, permits or authorizations, or the lack or loss of such permits or authorizations by the Company, its subsidiaries, or their respective affiliate partners could adversely (directly or indirectly) affect the business, the income and/or the financial position of the Company and/or its subsidiaries.

Dependence on customers

The Group's revenues are generated by its agreements with affiliate partners through two main revenue models; one-off payments through CPA (Cost per acquisition) and revenue share. If the Group's customers fail to meet their obligations or if the Company and/or its subsidiaries fail to deliver services in accordance with the relevant agreements, it could adversely affect the business, the income and/or the financial position of the Company and/or its subsidiaries.

The Bonds

There is a risk that the Company will be unable to meet its obligations towards the Bondholders. The Bondholders' possibility to receive payment under the Bonds is largely dependent upon the performance of the Company's operations and its financial position. Furthermore, there is a risk that the security provided for the Bonds is not sufficient to cover any non-payment under the Bonds in case of an event of default under the Bonds.

Holdings of shares in the Company

The holding of shares in the Company will initially be divided between the Bondholders, the current shareholders and the Key Staff. There is a risk that certain holder(s) of shares in the Company may receive significant influence over the Company and its assets due to, e.g., the Company Warrants. This may result in such majority holders taking decisions that are not in the interest of, or not in favour of, all Bondholders.

Risks related to disclosure requirements

As the Existing Bonds will be de-listed from Nasdaq First North Bond Market, the Company may not be subject to disclosure requirements to the same extent as before the Restructuring. The reporting may be prepared by the Key Staff or relevant CFO/financial controller (potentially part time), or through outsourcing. There is a risk that the Bondholders will not receive accurate and complete information on the financial performance of the Group, and that the Bondholders therefore take decisions that influence their holdings at times or in a manner that would have been different if full information on the financial performance of the Group had been available. Consequently, there is a risk that the Bondholders make decisions in

relation to their investment based on incomplete and inaccurate financial information on the financial performance of the Group.

Risks related to Transaction Security

Although the obligations under the Bonds are secured by first priority security in form of pledges over the shares in the Transaction Security, there is a risk that the proceeds of any enforcement sale of the security assets or enforcement of pledges will not be sufficient to satisfy all amounts then owed to the Bondholders and the Agent (the “**Secured Parties**”) or the amounts then due in respect of the Bonds.

The Secured Parties will be represented by the Agent in all matters relating to the Transaction Security. There is a risk that the Agent, or anyone appointed by it, does not properly fulfil its obligations in terms of perfecting, maintaining, enforcing or taking other necessary actions in relation to the Transaction Security, whereby there is a risk that the Secured Parties do not fully, or at all, benefit from the security.

Other than the Transaction Security, the Bonds represents an unsecured obligation of the Company and in the event of bankruptcy, reorganisation or winding-up of the Company, the Bondholders may receive payment after any priority creditors have been paid in full.

Key Staff

The Key Staff will be responsible for the operations and management of the Group. There is a risk that Group will not succeed in retaining the Key Staff or engaging other relevant management and personnel. Further, the actual costs for hiring the Key Staff and/or other relevant management and personnel may exceed the costs included in the financial model for the Restructuring. Failure to retaining the Key Staff or hire other relevant personnel, or increased costs for such retention and/or hiring, could adversely affect the business, the income and/or the financial position of the SPV Group.

Risk factors in relation to tax

On 1 January 2019 new rules regarding interest deductibility entered into force in Sweden. Under the legislation, a general limitation for interest deductions applies by way of an EBITDA-rule under which net interest expenses, *i.e.*, the difference between the taxpayer’s interest income and deductible interest expenses, is only deductible up to 30 per cent. of the taxpayer’s EBITDA for tax purposes. As an alternative rule, which can be applied instead of the EBITDA-rule, interest deductions of up to a threshold of SEK 5 million are always deductible for tax purposes. In addition, it is possible to offset a taxpayer’s net interest expenses against net interest income of an affiliated group company with which the company may exchange group contributions for tax purposes. Further, additional changes to the previous interest deduction limitation rules for interest costs on loans between affiliated companies apply. In summary, interest costs on loans to affiliated companies are only deductible if the affiliated company is either a resident in the EEA, in a country with which Sweden has a concluded double tax treaty or is subject to a tax rate of at least 10 per cent. on the interest income. However, no deduction is allowed if the primary reason for the debt is for the group to receive a substantial tax benefit. Companies are considered affiliated if one of the companies, directly or indirectly, through ownership or in other ways has a significant

influence (Sw. *väsentligt inflytande*) over the other company, or if the companies are considered to be under common control (Sw. *under i huvudsak gemensam ledning*).

Depending on the final structure of Alternative A it cannot be excluded that the Company will be affected by the interest deduction limitation rules described above. The interest deduction limitation rules may thus potentially be limiting Company's right to deduct interest costs attributable to the Bond. Should the Company be affected by the interest deduction limitation rules, this may have an impact on, for example, the value of the Bond.

Tax losses in the Swedish Pledged Subsidiary or the Company could be forfeited due to Alternative A.

3.3.2 *Risk factors related to Alternative B*

Alternative B, and the SPV Group's operations, involves a number of inherent risks and below is a non-exhaustive list of certain risk factors that should be carefully reviewed by the Bondholders before voting in this Written Procedure. If any of these or other risks or uncertainties actually occurs, it could have a material adverse effect on the income and the financial position of the SPV Group and, as a result, on the holders' recovery under the Existing Bonds and the holders' chances to receive payments in accordance with the terms of the New Bonds. Holders should also be aware that there is a risk that the Bondholders' recovery (if any) will not be higher if Alternative B is carried out, than it would be in potential bankruptcy or insolvency proceedings.

Financing and liquidity risks

The SPV Group faces significant uncertainty factors relating to the continuity of its operations. The uncertainties are mainly attributable to the SPV Group's financing and liquidity needs. Even if Alternative B is carried out, there is a risk that the SPV Group will not be able to meet its financing and/or liquidity needs going forward at all or without significantly increasing its costs therefor. If the SPV Group is unable to meet its financing and/or liquidity needs, it would have a material adverse effect on the liquidity, business, financial position and results of operations of the SPV Group and, as a result, on the position of the holders of New Bonds.

There is a risk that all potential risks have not been identified in the Due Diligence

As part of Alternative B, a very limited legal due diligence review of the Company and the Pledged Subsidiaries have been conducted (the "**Due Diligence**"). The Due Diligence was carried out under time constraints, with limited material and information from the Company. Consequently, there is no guarantee that the Due Diligence identified all issues relevant for Alternative B and that unknown issues of any type or nature might arise that could adversely affect the business, the income and the financial position of the SPV Group.

Further, note that the Due Diligence identified further findings relating to the Company and the Pledged Subsidiaries which are not described in the risk factors below.

There is a risk that the Pledged Subsidiaries are not fit to operate following Alternative B

The limited Due Diligence review of the Company and the Pledged Subsidiaries that has been carried out, purported to ensure that the Pledged Subsidiaries would be fit for operation in the new SPV Group structure. There can be no guarantee that the Pledged Subsidiaries will operate in the desired manner or will have sufficient funds to do so. Furthermore, there is a risk that

one or several members of the Key Staff that are required for the successful operation of the SPV and the Pledged Subsidiaries resign from its or their office or otherwise is unwilling to participate in the operation of the SPV and the Pledged Subsidiaries in the new SPV Group structure.

Compliance with existing laws and regulations

The SPV Group must observe and comply with certain laws and regulations relating to its operations, as well as decisions and injunctions from relevant authorities. In addition, the operations of most of the affiliate partners of the Pledged Subsidiaries requires certain permits and authorizations under applicable laws and regulations. Any breach of such laws, regulations, permits or authorizations, or the lack or loss of such permits or authorizations by the SPV, the Pledged Subsidiaries, or their respective affiliate partners could adversely (directly or indirectly) affect the business, the income and/or the financial position of the SPV and/or the Pledged Subsidiaries.

Dependence on customers

The Pledged Subsidiaries' revenues are generated by its agreement with affiliate partners through two main revenue models; one-off payments through CPA (Cost per acquisition) and revenue share. If the Pledged Subsidiaries' customers fail to meet their obligations or if the SPV and/or the Pledged Subsidiaries fail to deliver services in accordance with the relevant agreements, it could adversely affect the business, the income and/or the financial position of the SPV and/or the Pledged Companies.

The New Bonds

There is a risk that the SPV will be unable to meet its obligations towards the holders of the New Bonds due to *e.g.* lack of liquidity. The holders' possibility to receive payment under the New Bonds is largely dependent upon the performance of the SPV's operations and its financial position. Moreover, there is also a risk that the value of the New Bonds is less than currently estimated, which could adversely affect the position of the holders. Furthermore, there is a risk that the security provided for the New Bonds is not sufficient to cover any non-payment under the New Bonds in case of an event of default under the New Bonds.

Holdings of shares in the SPV

The New Bonds are issued by the SPV and the holding of shares in the SPV will, either directly or through the SPV Option, be divided between the Bondholders. There is a risk that certain holder(s) of shares in the SPV may receive significant influence over the SPV and its assets due to the circumstance that the holdings of shares will correspond to the holdings of New Bonds. This may result in such majority holders (both in relation to shares in the SPV and New Bonds) taking decisions that are not in the interest of, or not in favour of, all holders of New Bonds.

Risks related to disclosure requirements

As the New Bonds will not be admitted to trading on a regulated or unregulated market place, the SPV may not be subject to disclosure requirements to the same extent as the Company under the terms and conditions for the Existing Bonds. The financial reporting of the SPV shall be carried out by monthly management reporting (based on internal accounting) in relation to

the Pledged Subsidiaries and at SPV level, giving sufficient information to evaluate the performance, cash flow, liquidity position and balance sheet of the entities. The reporting may be prepared by the Key Staff or relevant CFO/financial controller (potentially part time), or through outsourcing. There is a risk that holders of New Bonds will not receive accurate and complete information on the financial performance of the SPV Group, and that such holders therefore take decisions that influence their holdings at times or in a manner that would have been different if full information on the financial performance of the SPV Group had been available. Consequently, there is a risk that holders of New Bonds make decisions in relation to their investment based on incomplete and inaccurate financial information on the financial performance of the SPV Group as issuer of the New Bonds.

Risks related to transaction security

Although the obligations under the New Bonds will be secured by first priority security in form of pledges over the shares in the Pledged Subsidiaries (the “**Transaction Security**”), there is a risk that the proceeds of any enforcement sale of the security assets or enforcement of pledges will not be sufficient to satisfy all amounts then owed to the holders of New Bonds and the Agent (the “**Secured Parties**”) or the amounts then due in respect of the New Bonds. Furthermore, there is a risk that enforcement of the Transaction Security may be subject to disputes which may be time consuming, interrupt the SPV’s operations and result in claims for significant amounts and also cause significant litigation costs that ultimately may be borne by the holders of the New Bonds.

The Secured Parties will be represented by the Agent in all matters relating to the Transaction Security. There is a risk that the Agent, or anyone appointed by it, does not properly fulfil its obligations in terms of perfecting, maintaining, enforcing or taking other necessary actions in relation to the Transaction Security, whereby there is a risk that the Secured Parties do not fully, or at all, benefit from the security.

Other than the Transaction Security, the New Bonds represents an unsecured obligation of the SPV and in the event of bankruptcy, reorganisation or winding-up of the SPV, the holders of the New Bonds may receive payment after any priority creditors have been paid in full.

Key Staff

The Key Staff will be responsible for the operations and management of the SPV Group. There is a risk that SPV Group will not succeed in retaining the Key Staff or engaging other relevant management and personnel. Further, the actual costs for hiring the Key Staff and/or other relevant management and personnel may exceed the costs included in the financial model for Alternative B. Failure to retaining the Key Staff or hire other relevant personnel, or increased costs for such retention and/or hiring, could adversely affect the business, the income and/or the financial position of the SPV Group.

Risk factors in relation to tax

On 1 January 2019 new rules regarding interest deductibility entered into force in Sweden. Under the legislation, a general limitation for interest deductions applies by way of an EBITDA-rule under which net interest expenses, *i.e.*, the difference between the taxpayer’s interest income and deductible interest expenses, is only deductible up to 30 per cent. of the taxpayer’s EBITDA for tax purposes. As an alternative rule, which can be applied instead of

the EBITDA-rule, interest deductions of up to a threshold of SEK 5 million are always deductible for tax purposes. In addition, it is possible to offset a taxpayer's net interest expenses against net interest income of an affiliated group company with which the company may exchange group contributions for tax purposes. Further, additional changes to the previous interest deduction limitation rules for interest costs on loans between affiliated companies apply. In summary, interest costs on loans to affiliated companies are only deductible if the affiliated company is either a resident in the EEA, in a country with which Sweden has a concluded double tax treaty or is subject to a tax rate of at least 10 per cent. on the interest income. However, no deduction is allowed if the primary reason for the debt is for the group to receive a substantial tax benefit. Companies are considered affiliated if one of the companies, directly or indirectly, through ownership or in other ways has a significant influence (Sw. *väsentligt inflytande*) over the other company, or if the companies are considered to be under common control (Sw. *under i huvudsak gemensam ledning*).

Depending on the final structure of Alternative B it cannot be excluded that the SPV will be affected by the interest deduction limitation rules described above. The interest deduction limitation rules may thus potentially be limiting SPV's right to deduct interest costs attributable to the New Bond. Should SPV be affected by the interest deduction limitation rules, this may have an impact on, for example, the value of the New Bond.

Tax losses in the Swedish Pledged Subsidiary could be forfeited due to Alternative B.

4 Request

The Bondholders are hereby requested to approve the requests set forth in Sections 4.1 and 4.2 below (the "**Request**").

4.1 The Restructuring

The Bondholders are hereby requested to approve that the Restructuring, and all actions necessary in connection therewith, is carried out and completed, essentially as described in this Notice, including but not limited to all of the Closing actions set forth in Section 2.4 (such as the Conversion and the Amendments or the Mandatory Bond Exchange, the Partial Redemption, the Share Transfers and the Cash Transfer, as applicable). Furthermore, the Bondholders are hereby requested to waive all present Events of Default due to the Company's breaches under the Terms and Conditions.

4.2 Authorisation of the Agent and the Bondholder Committee

It is proposed that the Bondholders appoint a group of representatives, consisting of the Bondholders Committee being Scandinavian Credit Fund I AB (represented by Peder Broms), Nordic Corporate Investment A/S (represented by Jørgen Beuchert), Nordic Credit Partners Fund II AB (publ) (represented by Christoffer Malmström), Nordic Credit Partners Fund III AB (publ) (represented by Christoffer Malmström) and Mats Nilsson (the "**Holders' Representatives**"). The Holders' Representatives shall be unconditionally, irrevocably and exclusively fully authorised to take the necessary decisions required with binding effect on all of the Bondholders (including, *inter alia*, to decide the relevant dates for completion of the Restructuring, to decide the exact amounts related to Alternative B and to agree on the final terms for the New Bond if relevant) subject to the terms and conditions set out in this Written Procedure, and shall after Closing of the Restructuring be unconditionally, irrevocably and

exclusively fully authorised to take the necessary decisions required with binding effect on all of the Bondholders, relating to the administration and management of the Company or the SPV, including delegation of their mandate with respect to administration and management of the Company or the SPV to one or several individual persons. Further, the Holders' Representatives shall always be able to instruct the Agent to initiate a Holder's Meeting or a Written Procedure if, in the Holders' Representatives opinion, the decision to be taken is more appropriate to be decided upon by such means.

Furthermore, it is proposed that the Bondholders unconditionally, irrevocably and exclusively fully authorise the Agent to, on behalf of the Bondholders, subscribe for all shares in the Share Issue and to take any and all measures and actions in connection therewith.

For the avoidance of doubt, all costs and expenses incurred by the Holders' Representatives and/or the Agent shall be paid by the Company or the SPV and the Holders' Representatives are fully discharged from any liability whatsoever when acting in accordance with this Section 4.2, provided that the Holders' Representatives have not acted with gross negligence or wilful misconduct. The Holders' Representatives shall never be responsible for indirect loss.

The Holders' Representatives shall be permitted to act in accordance with the above authorisation based on majority decisions within the representatives' group and the authorisation shall not cease to apply should any member of the representatives' group dispose of its holding of Existing Bonds. Members of the Holders' Representatives may resign provided that such member is replaced by a bondholder, approved by the Holders' Representatives. The Holders' Representatives may at any time instruct the Agent to initiate a bondholders' meeting to dismiss members of the Holders' Representatives or to elect new members.

5 Consent

The Bondholders are asked to confirm that the Bondholders agree to the Request.

The Company has informed the Agent that, at the date of this Notice, the Bondholder Committee (*i.e.*, representatives of Bondholders and beneficial holders of Existing Bonds representing an aggregate nominal amount of approximately 62 per cent. of the Total Nominal Amount) has undertaken to vote in favour of the Request.

6 Effective dates

The Request shall be deemed approved immediately upon expiry of the voting period and receipt of the required majority as set forth in Section 8.6 (*Majority*) or if earlier, when a requisite majority of consents of the Adjusted Nominal Amount have been received by the Agent.

The Company, the SPV and/or the Agent may take any action deemed required in order to implement the Request.

7 Non-reliance by the Agent

The Request is presented to the Bondholders, without any evaluation, advice or recommendations from the Agent whatsoever. The Agent has not reviewed or assessed this Notice or the Request (and their effects, should they be adopted) from a legal or commercial perspective of the Bondholders and the Agent expressly disclaims any liability whatsoever

related to the content of this Notice and the Request (and their effects, should they be adopted). The Bondholders are recommended to seek legal advice in order to independently evaluate whether the Request (and their effects) are acceptable or not.

8 Written Procedure

The following instructions need to be adhered to under the Written Procedure.

8.1 Final date to participate in the Written Procedure

The Agent must have received the votes by regular mail, courier or email to the address indicated below no later than 17.00 (CEST) on 23 January 2020. Votes received thereafter may be disregarded.

8.2 Decision procedure

The Agent will determine if received replies are eligible to participate under the Written Procedure as valid votes.

When a requisite majority of consents of the total Adjusted Nominal Amount has been received by the Agent, the Request shall be deemed to have been adopted, even if the time period for replies in the Written Procedure has not yet expired.

Information about the decision(s) taken under the Written Procedure will: (i) be sent by notice to the Bondholders and (ii) be published on the website of the Company and be published by the Agent on stamdata.com.

A matter decided under the Written Procedure will be binding for all Bondholders, irrespective of them responding in the Written Procedure. For the avoidance of doubt, if a sufficient majority is obtained, the Mandatory Bond Exchange whereby a majority of the Existing Bonds will be exchanged into New Bonds, will be effectuated also in relation to Bondholders who did not vote in the Written Procedure or who voted against the Request.

8.3 Voting rights and authorisation

Anyone who wishes to participate in the Written Procedure must, on the Record Date 16 January 2020, be registered in the Company's debt register as:

- (a) a direct registered owner of a Securities Account; or
- (b) an authorised nominee in a Securities Account, with respect to one or several Existing Bonds.

8.4 Existing Bonds registered with a nominee

If you are not registered as a direct registered owner, but your Existing Bonds are held through a registered nominee or another intermediary, you may have two different options to influence the voting for the Existing Bonds.

- (i) You can ask the nominee or other intermediary that holds the Existing Bonds on your behalf to vote in its own name as instructed by you.
- (ii) You can obtain a Power of Attorney (Schedule 2) from the nominee or other intermediary and send in your own Voting Form based on the authorisation. If you hold your Existing Bonds through several intermediaries, you need to obtain

authorisation directly from the intermediary that is registered in the debt register as Bondholder of the Securities Account, or from each intermediary in the chain of holders, starting with the intermediary that is registered in the debt register as a holder of the Securities Account as nominee or direct registered owner.

Whether one or both of these options are available to you depends on the agreement between you and the nominee or other intermediary that holds the Existing Bonds on your behalf (and the agreement between the intermediaries, if there are more than one).

The Agent recommends that you contact the securities firm that holds the Existing Bonds on your behalf for assistance, if you wish to participate in the Written Procedure and do not know how your Existing Bonds are registered or need authorisation or other assistance to participate. Existing Bonds owned by Group Companies or (to the knowledge of the Company) their Affiliates do not entitle to any voting rights.

8.5 Quorum

To approve the Request, Bondholders representing more than fifty (50.00) per cent. of the Adjusted Nominal Amount must reply to the Request under the Written Procedure in order to form a quorum.

If a quorum does not exist, the Agent shall initiate a second Written Procedure, provided that the relevant proposal has not been withdrawn by the Issuer. No quorum requirement will apply to such second Written Procedure.

8.6 Majority

In order for the Requests to be approved, at least sixty-six and two thirds ($66\frac{2}{3}$) per cent. of the Adjusted Nominal Amount for which Bondholders reply in the Written Procedure must consent to the Request.

Beslutsförslag

Beslut om ändring av bolagsordningen (punkt 7 a))

För att möjliggöra beslut om minskning av aktiekapitalet enligt punkt 7 b) nedan och i syfte att möjliggöra beslut om en riktad nyemission av aktier enligt punkt 8 nedan samt en riktad emission av teckningsoptioner enligt punkt 9 nedan, föreslår aktieägare, eller aktieägare som uttryckt sitt stöd, som representerar cirka 28 procent av antalet aktier och röster i Bolaget att bolagsstämman beslutar om att ändra gränserna för aktiekapitalet samt antalet aktier i bolagsordningen enligt följande:

Nuvarande lydelse § 4

Aktiekapitalet ska utgöra lägst
9 298 000 kronor och högst
37 192 000 kronor.

Föreslagen lydelse § 4

Aktiekapitalet ska utgöra lägst
9 000 000 kronor och högst
36 000 000 kronor.

Nuvarande lydelse § 5

Antalet aktier i bolaget ska vara lägst 300 362 232 och högst 1 201 448 928.

Föreslagen lydelse § 5

Antalet aktier i bolaget ska vara lägst 2 000 000 000 och högst 8 000 000 000.

Beslut om minskning av aktiekapitalet (punkt 7 b)

Aktieägare som representerar cirka 28 procent av antalet aktier och röster i Bolaget föreslår, eller har uttryckt sitt stöd för, att bolagsstämman fattar beslut om att minska Bolagets aktiekapital med 5 566 198 kronor, utan indragning av aktier, för avsättning till fritt eget kapital. Genom minskningen av aktiekapitalet kommer aktiernas kvotvärde att minskas från 0,010271 kronor till 0,004122 kronor. Aktiekapitalet kommer genom minskningen att minskas från 9 298 000 kronor till 3 731 802 kronor.

Handlingar enligt 20 kap. 13 och 14 §§ aktiebolagslagen har upprättats.

Beslut om riktad nyemission av aktier (punkt 8)

Aktieägare som representerar cirka 28 procent av antalet aktier och röster i Bolaget föreslår, eller har uttryckt sitt stöd för, att bolagsstämman fattar beslut om en riktad nyemission av aktier där betalning för de nyemitterade aktierna ska erläggas genom kvittning av nominellt belopp om 5 600 000 kronor i ett av Bolaget tidigare emitterat obligationslån (ISIN SE0010547422) ("**Obligationerna**"). Kvittningsemissionen ska utgöra ett led i fullgörande av det avtal ("**Avtalet**") som Bolaget offentliggjorde den 22 november 2019 mellan vissa aktieägare i Bolaget ("**Aktieägarna**") och en grupp av innehavare av Obligationerna ("**Obligationssinnehavargruppen**") för att säkerställa Bolagets fortsatta fortlevnad. Genom nyemissionen kommer aktiekapitalet att ökas med högst 5 597 703 kronor genom nyemission av högst 1 358 006 703 aktier.

Villkoren för emissionen är följande:

1. Högst 1 358 006 703 aktier ska nyemitteras. För 1 358 006 703 aktier ska betalas 5 600 000 kronor.
2. Rätt att teckna aktierna ska, med avvikelse från aktieägarnas företrädesrätt, endast tillkomma person som den 14 februari 2020 är registrerad som ägare eller förvaltare i skuldboken för Obligationerna med avseende på en eller flera obligationer ("**Avstämningsdagen**"). Om Avstämningsdagen av praktiska eller tekniska skäl inte kan infalla den 14 februari 2020, ska Bolagets styrelse äga rätt att ändra Avstämningsdag under förutsättning att Bolaget meddelar detta genom ett särskilt pressmeddelande i god tid innan Avstämningsdagen infaller. Teckningsrätten ska vara *pro rata* i förhållande till innehav av nominellt belopp.
3. Teckning av aktie ska ske på teckningslista och ska ske senast den 28 februari 2020.
4. Överteckning kan inte ske.
5. Betalning för tecknade aktier ska erläggas genom kvittning av fordran på Bolaget senast i samband med aktieteckning.
6. Styrelsen äger rätt att förlänga teckningstiden och tiden för betalning.
7. Aktierna medför rätt till vinstutdelning första gången på den avstämningsdag för utdelning som infaller närmast efter det att de nya aktierna införts i den av Euroclear Sweden AB förda aktieboken.

Skälet till avvikelsen från aktieägarnas företrädesrätt ska vara att genomföra en kvittningsemission till fullgörande av åtaganden enligt Avtalet. Omedelbart efter genomförandet av den föreslagna nyemissionen kommer befintliga antalet aktier och röster i Bolaget per dagen för denna kallelse representera ca 40 procent av antalet aktier och röster i Bolaget (oaktat det antal aktier som kan ges ut vid utnyttjande av teckningsoptioner enligt punkt 9 nedan). Bolaget har informerats om att Obligationssinnehavargruppen till följd av nyemissionen högst kommer att inneha aktier och röster i Bolaget som motsvarar högst cirka 37 procent av det totala antalet aktier och röster i Bolaget.

Handlingar enligt 13 kap. 6, 7 och 8 §§ aktiebolagslagen har upprättats.

Beslut om riktad emission av teckningsoptioner och godkännande av överlåtelse av desamma (punkt 9)

Aktieägare som representerar cirka 28 procent av antalet aktier och röster i Bolaget föreslår, eller har uttryckt sitt stöd för, att bolagsstämman fattar beslut om riktad emission av teckningsoptioner och godkänner överlåtelse av desamma. Teckningsoptionerna ska överlätas till Soheil Amorpour och Victor Sahlstedt, vilka på konsultbasis framlades kommer att utföra uppdrag för Bolaget för att öka Bolagets värde. Soheil Amorpour och Victor Sahlstedt äger rätt att överlåta teckningsoptioner till vissa andra nyckelpersoner som kommer att utföra uppdrag för Bolaget (tillsammans "**Nyckelpersonerna**"). Syftet med emissionen och överlåtelsen, och skälen till avvikelsen från aktieägarnas företrädesrätt, är att stärka kopplingen mellan optionsinnehavarnas framtida insatser för Bolaget och skapat framtida aktieägarvärde. Förslaget utgör ett led i Avtalet mellan Aktieägarna och Obligationssinnehavargruppen.

1. *Emission av teckningsoptioner*

Bolaget ska emittera högst 2 737 300 979 teckningsoptioner, uppdelat på fyra (4) olika optionsserier. Rätt att teckna teckningsoptionerna tillkommer, med avvikelse från aktieägarnas företrädesrätt, ett av Bolaget helägt dotterbolag

("Dotterbolaget"), med rätt och skyldighet att överlåta teckningsoptionerna till Soheil Amorpour och Victor Sahlstedt enligt punkt 2 nedan. Överteckning kan inte ske. Teckningsoptionerna ska emitteras vederlagsfritt till Dotterbolaget.

Teckning av teckningsoptionerna ska ske inom fyra veckor från dagen för emissionsbeslutet. Styrelsen äger rätt att förlänga teckningstiden.

2. Överlåtelse av teckningsoptioner

Dotterbolaget ska vidareöverlåta teckningsoptionerna till Soheil Amorpour och Victor Sahlstedt vederlagsfritt.

3. Tid och kurs för teckning av aktier

Rätten till teckning av aktier enligt optionerna är i huvudsak kopplat till och beroende av en framtida minskning av Bolagets skuldsättningsgrad enligt vad som framgår av de fullständiga optionsvillkoren. Optionerna är uppdelade på fyra (4) olika serier där den första serien motsvarande 1 411 647 306 optioner inte kräver någon minskning av Bolagets skuldsättning utan kan utnyttjas för aktieteckning direkt efter att optionerna emitterats medan övriga 1 325 653 673 optioner kräver en minskning av Bolagets skuldsättningsgrad för att berättiga till aktieteckning. Relevant skuldsättningsgrad som krävs för att de aktuella serierna av optioner ska berättiga till teckning framgår av de fullständiga optionsvillkoren.

Varje teckningsoption ska berättiga till förvärv av en (1) aktie i Bolaget till en teckningskurs motsvarande kvotvärdet för Bolagets aktie vid tidpunkten för utnyttjande av teckningsoptionen. Teckning av aktier i enlighet med villkoren för teckningsoptionerna kan ske till och med den 8 december 2023. Betalning för tecknade aktier ska ske kontant. Bolaget kan komma att medge kvittning i efterhand.

Antalet aktier som teckningsoptionerna berättigar till och teckningskursen kan komma att omräknas i händelse av, bland annat, extraordinära utdelningar som utbetalats, fondemission, sammanläggning eller uppdelning av aktier, företrädesemission eller vissa former av minskning av aktiekapitalet eller liknande åtgärder. De nya aktier som kan komma att utges vid nyteckning omfattas inte av några förbehåll. Aktierna som teckningsoptionerna berättigar till medför rätt till vinstutdelning första gången på den avstämningsdag för utdelning som infaller närmast efter det att teckning verkställts.

4. Ökning av aktiekapitalet, utspädning samt kostnader m.m.

Ökningen av Bolagets aktiekapital kommer vid full teckning och fullt utnyttjande av de föreslagna teckningsoptionerna att uppgå till högst 11 283 153,37 kronor, dock med förbehåll för eventuell omräkning enligt optionsvillkoren.

5. Övrigt

Enligt avtal mellan Obligationsinnehavargruppen och Nyckelpersonerna kommer Obligationsinnehavargruppen ha rätt att under vissa förutsättningar förvärva teckningsoptioner från en Nyckelperson till ett pris motsvarande anskaffningsutgiften. Sådan rätt föreligger bland annat i händelse av att en Nyckelperson inom viss tid säger upp sitt konsultuppdrag utan att det föreligger ett avtalsbrott från uppdragsgivarens sida. Obligationsinnehavargruppen har motsvarande rätt vad gäller aktier som tecknats av Nyckelpersonerna med stöd av utnyttjande av teckningsoptionerna. I sådant fall kommer dock det pris som Obligationsinnehavargruppen ska erlagga för varje aktie att motsvara en viss andel av aktiernas marknadsvärde beroende på vilket värde som upparbetats inom Bolaget, vilket ska beräknas enligt en viss formel.

Handlingar enligt 14 kap. 8 § aktiebolagslagen har upprättats.

Godkännande av styrelsens beslut att acceptera ändringar i villkoren för Bolagets obligationslån (punkt 10)

Avtalet innebär att villkoren för Obligationerna ska ändras innefattandes vissa lättnader för Bolaget, bland annat att (i) förfallodagen flyttas till den 8 december 2023, (ii) räntan sänks till 6,00 procent och kapitaliseras till förfallodagen och (iii) det finansiella åtagandet ändras från ett åtagande att skuldsättningsgraden ska vara under en viss nivå baserat på tidigare förutsättningar till ett åtagande om viss likviditet och EBITDA baserat på Bolagets nya förutsättningar. Som framgått ovan innefattar Avtalet bland annat en kvittningsemmission och att teckningsoptioner ska emitteras och överlåtas till vissa nyckelpersoner.

Bolagets styrelse beslutade vid styrelsemöte den 20 december 2019 att godkänna de ändringar i villkoren för Obligationerna som föreslagits av obligationsinnehavarna. Obligationsinnehavarna har därefter inlett ett skriftligt förfarande i enlighet med villkoren för Obligationerna för att godkänna ändringarna.

I syfte att säkerställa att eventuella jävsbestämmelser inte förhindrar styrelsens beslut att godkänna de ändringsvillkor för Obligationerna som föreslagits av obligationsinnehavarna, föreslår styrelsen att bolagsstämman beslutar att stödja styrelsens beslut.

Fastställande av antalet styrelseledamöter (punkt 11)

Aktieägare som representerar cirka 28 procent av antalet aktier och röster i Bolaget föreslår, eller har uttryckt sitt stöd för, att stämman fattar beslut om att styrelse för tiden intill slutet av nästa årsstämma ska bestå av fem ledamöter.

Val av ny styrelseledamot (punkt 12)

Aktieägare som representerar cirka 28 procent av antalet aktier och röster i Bolaget föreslår, eller har uttryckt sitt stöd för, att stämman väljer Christoffer Malmström till ny styrelseledamot för tiden intill slutet av nästa årsstämma. För det fall stämman väljer enligt aktieägarnas förslag kommer styrelsen bestå av Stefan Vilhelmsson (ordförande), Jørgen Beuchert, Peder Broms, Alexej Faskhoutdinov och Christoffer Malmström.
